

CUNY MSCHE Council Hosts Institutional Effectiveness Workshop

By Don Sutherland

On Friday, March 1, the CUNY MSCHE Council held a workshop on institutional effectiveness presented by BMCC Dean of Institutional Effectiveness and Strategic Planning, Dr. Christopher Schults. The workshop discussed Institutional Effectiveness (IE) models, IE-compliant planning, IE-compliant assessment and assessment outcomes, and IE-compliant resource allocation. During the workshop, the importance of the interaction between assessment and resource allocation and resource allocation and planning was cited. Participants also developed aligned goals/objectives, and an IE framework during a case study.
