

MSCHE Annual Conference to be Held on December 14-15

By Don Sutherland

The Middle State Commission on Higher Education's annual conference will be held on December 14-15, 2021. The conference will be held online on account of the continuing COVID-19 pandemic.

The conference is entitled "New Horizons for Higher Education." The conference will provide examples of innovative practices from MSCHE member institutions, along with outcomes of those practices. This sharing of ideas and practices is aimed at fostering the kind of "self-reflection and continuous improvement" that is a hallmark of MSCHE accreditation.

The conference page can be found [here](#).
