

Extreme Heat Continues in Texas

By Don Sutherland

Parts of Texas remain locked in an unprecedented and long-term extreme heat event. Numerous cities have reached or surpassed all-time high temperature records on one or more days. This heat will likely continue through much of the week.

Select All-Time High Temperature Records:

Location	2023 Highest (°F)	Pre-2023 Highest (°F)	Days at or above pre-2023 Highest
Cotulla	116°	116°	2
Del Rio	115°	112°	2
Junction	111°	109°	3
Laredo	115°	115°	1
Rio Grande Village	119°	117°	3
San Angelo	114°	111°	3
